Experience of teaching

Please explain the reason for your rating in question 1

- In the beginning of the semester the lab work and lecture content was disjointed, however as the semester progressed the relationship improved.

Please explain the reason for your rating in question 2

- A lot of the demonstrations were unnecessary or were in more detail than I personally felt was necessary.
- I felt that the tutors in my lab failed to engage with the students proficiently, it seemed that they frequently answered questions when required but there was not a great deal of teaching undertaken to broaden our knowledge on concepts taught in lectures.

Please explain the reason for your rating in question 3

- I felt that the tutors in my lab failed to engage with the students proficiently, it seemed that they frequently answered questions when required but there was not a great deal of teaching undertaken to broaden our knowledge on concepts taught in lectures. However on occasion David elaborated on lecture content, unlike some of the other instructors

Please explain the reason for your rating in question 4

- As above

Please explain the reason for your rating in question 5

- As above
- Often instructors were distracted during labs and it could be difficult to attract their attention.

Please explain the reason for your rating in question 6

- As above
